Our company Enetel Solutions is one of the youngest companies within Roaming Group, and as such we got an opportunity to play with new ideas, come up with creative solutions, and add values to the world of information technologies. Teamwork is the way how we do it! With our team growing each day, we aim to create solutions that will improve IT experience of the world around us. We are ready to receive and share knowledge with new innovative people who are devoted and innovative in achieving our mutual goal. If you think you are ready, step up and join us!

## SENIOR JAVA DEVELOPER

We are looking for software engineers who enjoy work in a collaborative environment where cross-functional teams work closely together in order to get things done. In our ego-free environment talent matters more than title, and the big idea can come from anyone and anywhere.

You will be able to work in a variety of client settings and platforms and collaborate in a smart environment where you can bring in your ideas. There is plenty of room to grow at Enetel Solutions.

**What we'd like to see:**
- Problem solving skills, curious personality and keen interest in following emerging technologies;
- Ability to work in a variety of client settings and across platforms.
- Excellent understanding of relational database concepts and experience working with MySQL, PostgreSQL or Oracle
- Experience in at least one of following frameworks: Spring, Tapestry, Hibernate
- At least 3 years JAVA development experience (including SOAP and RESTful webservices).
- Detailed knowledge of OOP and JAVA

**It will be considered a distinct advantage if you have:**
- Work experience in formal Agile environment
- JavaScript skills (Angular, Node.js)

**In return we offer:**
- Exciting and friendly environment
- An opportunity to take part in challenging, cutting-edge projects
- Development and career path with excellent career prospects
- Competitive salary plan
- Long term job security

If you see yourself in this position and you meet the requirements please submit your up-to-date CV to CV@enetelsolutions.com
