

Our company Enetel Solutions is one of the youngest companies within Roaming Group, and as such we got an opportunity to play with new ideas, come up with creative solutions, and add values to the world of information technologies. Teamwork is the way how we do it! With our team growing each day, we aim to create solutions that will improve IT experience of the world around us. We are ready to receive and share knowledge with new innovative people who are devoted and innovative in achieving our mutual goal. If you think you are ready, step up and join us!

## **SOFTWARE TEST ENGINEER**

We are looking for software test engineers who enjoy work in a collaborative environment where cross-functional teams work closely together in order to get things done. In our ego-free environment talent matters more than title, and the big idea can come from anyone and anywhere.

You will be able to work in a variety of client settings and platforms and collaborate in a smart environment where you can bring in your ideas. There is plenty of room to grow at Enetel Solutions.

### **What we'd like to see:**

- Problem solving skills, curious personality and keen interest in following emerging technologies;
- Ability to develop and maintain test plans, test strategies, and test cases while performing all testing activities including functional, integration, regression, performance, and stress testing
- Ability to log defects in a detailed, understandable and reproducible way, tracking all assigned defects through to closure and interacting with members of the development team to resolve discovered defects
- Experience with scripting languages (PHP/Python/Ruby/etc.)
- Experience implementing Selenium / WebDriver based testing solutions
- Experience with source/version control software such as GIT, Mercurial or SVN

### **It will be considered a distinct advantage if you have:**

- Work experience in formal Agile environment
- Experience with CI solutions (Bamboo/ Jenkins / Hudson / Cruise Control)
- Experience using JIRA for issue/bug tracking and management

### **In return we offer:**

- Exciting and friendly environment
- An opportunity to take part in challenging, cutting-edge projects
- Development and career path with excellent career prospects
- Competitive salary plan
- Long term job security

If you see yourself in this position and you meet the requirements please submit your up-to-date CV to [cv@enetelsolutions.com](mailto:cv@enetelsolutions.com)
